

Scientific Games Reimagines Iconic *TETRIS*[®] Gameplay with New *TETRIS EXTREME* Slot Game

LAS VEGAS – Dec 11, 2019 – Scientific Games Corporation (NASDAQ: SGMS) (“Scientific Games” or the “Company”) is bringing *TETRIS*[®] *EXTREME* to globally regulated iGaming markets. The new title evokes the familiar look and feel of the iconic *TETRIS* game with player-favorite slot features, creating a one-of-a-kind experience.

TETRIS EXTREME reimagines the globally recognized video game, remaining true to the timeless *TETRIS* look and feel, with the added win potential and anticipation of a slot game. Colorful *Tetriminos* and *Line Clears* remain at the core of the game, along with increasing multipliers and the addition of a Free Falls Bonus.

Dylan Slaney, SVP Casino of Scientific Games digital group, said, “*TETRIS EXTREME Mega Drop* brings to life the beloved global video game brand as a high-quality slot game experience. We’re eager to make a splash with fans in iGaming markets across the globe by combining that undeniable *TETRIS* feel with our player-favorite *Mega Drop* mechanic.”

Available via the *Open Gaming System*, *TETRIS EXTREME* is compatible with the *Mega Drop*[™] *Jackpots* system. *Mega Drop Jackpots* is a multi-level jackpot system designed to supply more games with quicker guaranteed jackpot drops, encouraging more active players than a traditional jackpot system. When an individual jackpot drops, it immediately starts over, allowing for multiple drops in a shorter time span, giving players the ability to strategically strive for the next big drop.

TETRIS EXTREME is available now via operators live with *OpenGaming* in European markets.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including those factors described in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 28, 2019 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
