

GAME INNOVATION AND VALUE DRIVE TEXAS LOTTERY'S SIX-YEAR CONTRACT EXTENSION WITH SCIENTIFIC GAMES

Company's Instant "Scratch" Game Continue Generating Funds for Education and Veterans' Assistance in State of Texas

LAS VEGAS and ATLANTA – October 17, 2018 – [Scientific Games Corporation](#) (NASDAQ: SGMS) ("Scientific Games" or the "Company") today announced that the [Texas Lottery](#) extended the Company's existing contract for instant "scratch" games six additional years through 2024. Scientific Games' innovative instant products, including spotlight games, families of games, *Scratch My Back*® games offering play on both sides of the ticket, and new high-definition HD Games™, have proven popular with Texas Lottery players. In 2017, the Texas Lottery was the first of 16 U.S. lotteries to launch Scientific Games' blockbuster *WILLY WONKA GOLDEN TICKET*™ multi-state linked instant game with winners from Texas attending the *BILLION DOLLAR CHALLENGE*™ event in Las Vegas in Spring 2018.

"The Texas Lottery recognizes the continuous innovation that Scientific Games invests to create very marketable games that are not only enjoyed by our players, but help us make important contributions to education and veterans assistance in our state," said Texas Lottery Executive Director Gary Grief. "Scientific Games is a trusted business partner, and we look forward to six more years of 'scratch' game entertainment that has been a vital part of the Texas Lottery's growth."

Scientific Games, a U.S.-based company, has provided instant games to the Texas Lottery since the Lottery's inception 26 years ago. With a total contribution of \$1.450 billion to education and veterans' assistance in the state in fiscal year 2018, the Texas Lottery has generated more than \$1 billion in revenue for Texas for 15 consecutive years and has experienced record sales for eight straight years.

"Scientific Games is honored to continue our longtime instant games partnership with the Texas Lottery," said John Schulz, Senior VP Instant Products, Lottery for Scientific Games. "Led by an account team that is highly experienced with the Texas Lottery's unique business and revenue requirements, our game designers are already innovating more value-added products that can help the Lottery achieve its financial goals in coming years."

With a total of nine instant game presses in five manufacturing facilities on four continents, Scientific Games supplies products that generate more than 70 percent of U.S. instant game retail sales. The Company launched the world's first secure instant lottery game in 1974 and currently provides games, technology and services to more than 150 lotteries globally.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2018 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
